# Trusted, Dependable He

## A Legacy of Lasting Reliability

Since 1904, Bryant has developed a reputation of doing whatever it takes to offer trusted, reliable home comfort systems. Through the commitment and dedication of our product development and manufacturing teams we have consistently met every new challenge head-on, delivering the products to meet or exceed expectations. Today, as consumers crave a balance between cost and quality, Bryant proudly offers two energy efficient and reliable oil furnaces that make the grade: the 369AAN Multi-poise and the 367AAN Low Boy. The Model 369AAN and Model 367AAN offer warm, winter heating you can depend on. They offer the responsive and efficient performance you expect from Bryant. And, they are designed to be a perfect fit for any home, no matter how unique. Developed, built and backed by the

most trusted name in the business, and installed by your trusted and professional Bryant dealer, the Model 369AAN and Model 367AAN can supply the soothing winter comfort your family deserves.

## Effective Heating That Really Responds

These exceptionally durable oil furnaces help create a warm refuge from winter's biting chill. One of the keys to their performance is Bryant's exclusive stainless steel combustion chamber. Because this component also acts as a heat exchanger, it helps the furnace convert oil to heat quickly and efficiently. As a result, warm air is delivered to your living spaces faster and more economically.

### Economical indoor comfort

Regardless of which model best fits your needs, you can count on economical comfort better than 80% AFUE heating efficiency. That's the combined result of our stainless steel combustion chamber, energy-efficient burner and our durable secondary heat exchanger.

## Proven Performance Backed by the Best

When you pick the Model 369AAN or Model 367AAN oil furnace, you can count on the peace of mind that comes with choosing a system designed, built and backed by a company committed to customer satisfaction. From initial design through product testing and an assembly process that includes thorough reliability testing procedures, we go beyond the industry's expectations for quality to be sure that every unit we make measures up to even tougher standards – yours.

# Heating Comfort.

## Warranty

Bryant oil furnaces provide dependability backed by written warranty protection. The heat exchangers are protected by a lifetime limited warranty. The entire system is covered by a 5-year limited warranty. Extended warranties are also available. Ask your trusted Bryant dealer for details.

## Performance

◀ *The combustion/heat exchanger combination is a Bryant exclusive. This unique component quickly and efficiently converts oil to heat so your family can relax in the soothing warmth of home.*

▶ *The Model 369AAN Multi-Poise is designed for versatility. With the ability to install in upflow, downflow and horizontal right and left applications, this proven performer is an excellent fit for virtually any home.*

▶ *Specifically designed for low ceiling installations, the Model 367AAN Low-Boy is perfect for homeowners whose space is at a premium.*

## Home Comfort Components

Model 369AAN  
Multi-Poise

- 1 LASTING DURABILITY**  
Our aluminized steel secondary heat exchanger features tightly welded seams for added durability, backed by a lifetime limited warranty.
- 2 EFFICIENCY AND COMFORT**  
Stainless steel combustion chamber is also the primary heat exchanger. This exclusive Bryant combination quickly and efficiently transfers heat for added comfort and money savings, all backed by a lifetime limited warranty.
- 3 CLEAN, EFFICIENT OPERATION**  
The Beckett high performance burner on these models is a premium design with the latest technology for clean operation and optimal fuel efficiency.
- 4 TRUSTED RELIABILITY**  
Bryant's proven ignition controls reliably start the heating and combustion process.
- 5 REDUCED COMBUSTION NOISE**  
A silencer baffle minimizes combustion noise at the source with Bryant's unique design.
