

58CLA OIL FURNACE

DELIVERING RELIABLE, ENERGY-EFFICIENT COMFORT

WARM UP WITH CARRIER'S RELIABLE AND EFFICIENT OIL FURNACE.

WARM COMFORT

When it's cold outside, you can enjoy the warmth of your home with a reliable Carrier 58CLA Low-Boy oil furnace. Built for a variety of applications, this oil furnace combines the comfort, performance and reliability that you expect from the leader in indoor weather technology.

Delivering up to 80.5% AFUE (Annual Fuel Utilization Efficiency), Carrier's 58CLA oil furnace offers an economical solution to your heating needs.

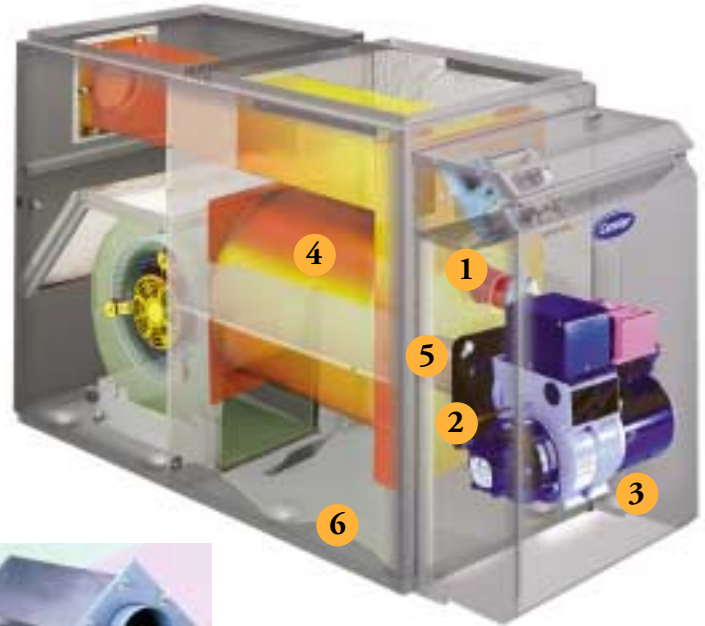

Carrier's exclusive stainless steel combustion chamber acts as a primary heat exchanger to help the furnace convert oil to heat quickly and responsively. That means heat is delivered to your living space faster and more economically. The multi-speed blower distributes air evenly throughout your home so you can enjoy consistent comfort season after season.

A PERFECT FIT

Designed for versatility and durability, a Carrier 58CLA oil furnace will fit your home heating needs perfectly. Specifically designed for low-ceiling installations, Carrier's 58CLA Low-Boy is perfect for homeowners whose space is at a premium. Built for rugged durability, Carrier's oil furnace will take command of your comfort to ensure reliable, energy-efficient indoor weather for years to come.

FEATURES

- 1 Aluminized Steel Secondary Heat Exchanger** features tightly welded seams for added durability.
- 2 High Performance Burner** meets all environmental standards for clean operation.
- 3 Ignition Controls** reliably start the heating and combustion process for top-quality performance that you can count on.
- 4 Unique Stainless Steel Combustion Chamber/Heat Exchanger** quickly and efficiently transfers heat for added comfort and money savings.
- 5 Silencer Baffle** eliminates combustion noise at the source.
- 6 Fully Insulated Walls** help deliver maximum heat from the furnace to the home.
