

Carrier Electronic Catalog X Builder Framework v1.03i Release Sheet

X Builder Framework v1.03i replaces v1.03h

PROGRAM DESCRIPTION

X Builder Framework is the master program which serves as the “framework” tying Electronic Catalog and E20-II programs together.

X Builder Framework v1.03i resolves the following issue:

- It was not possible to enter more than sixteen digits into the “Verify Partnumber” input window.

Please refer to the X Builder Support Notes in the Software/Program Downloads section of the web site, or from X Builder’s “Welcome” screen for more information.

INSTALLATION PROCEDURES

Installation via Internet Download

- Download the **ecat-xbf103i.exe** file from the internet site and save it in a folder on your hard disk.
- Close any other programs running on your desktop computer.
- Run Windows Explorer and double-click on the **ecat-xbf103i.exe** file. This launches the program installer.
- Follow the installation instructions, which appear on your screen. After installation you may be asked to reboot.

Running the Program

- From the Windows desktop press Start, choose Programs and then choose Carrier E-CAT/E20-II programs.
- In the Carrier E-CAT/E20-II Programs group click on the X Builder Framework v1.03i icon.

Minimum Computer Requirements:

- Hard Disk Space: 30 megabytes.
- Random Access Memory: 128 megabytes minimum, 256 megabytes recommended.
- Display Monitor: At least VGA with 600x800 resolution and 256 colors.
- Operating System: Windows 98, 2000, XP, Vista or Windows NT (with service pack 4 or later)

SPECIAL NOTES

1. **Adobe Acrobat, AutoDesk VoloView.** Certain X Builder Framework components depend on Adobe Acrobat Reader and Autodesk Voloview drawing viewer. These components are included in the CD installs, but may need to be downloaded and installed separately if you are installing from the internet and your computer does not yet contain this software.
