

Turn to the Experts.™

i-Vu Alarming

Alarm Actions

i-Vu is easily configured to perform alarm actions that can notify personnel of an alarm or record information about an alarm in your Carrier system:

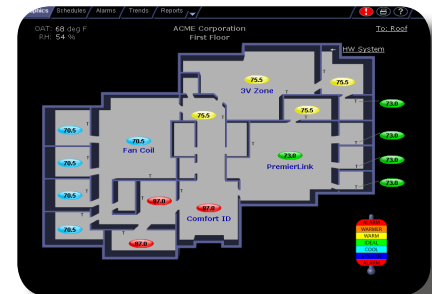

- Send an e-mail
- Print
- Play an audio file
- Pop-up a message on a client PC

System-Wide Alarms Button

A system-wide alarms button is always present and changes color based on severity of alarms in your Carrier system:

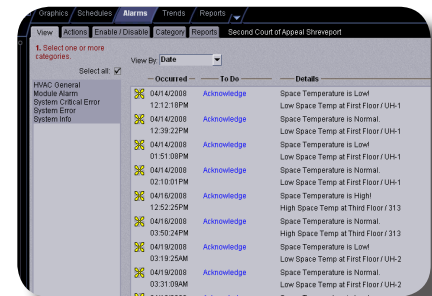

- Red - Critical alarms need to be acknowledged
- Yellow - Non-critical alarms need to be acknowledged
- Black - No alarms need to be acknowledged

Intuitive Alarm Viewer

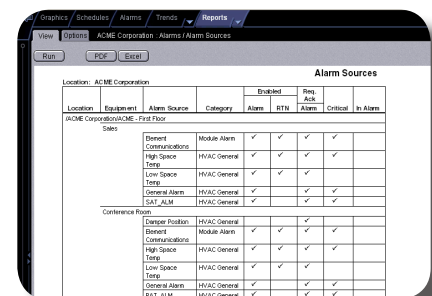

i-Vu's powerful alarming capabilities allow you to see alarm events in your entire Carrier system from a single screen. Alarms are easily sorted by date, type, or incident, allowing you to respond quickly to critical alarms while filtering out nuisance alarms.

- View, acknowledge, print, or delete alarms with ease
- Search for specific alarms based on time and date

Reports

- Alarms - Create a summary of alarms that appear in the system
- Alarm Sources - Create a summary of alarm sources in the system
- Alarm Actions - Create a summary of alarm actions in the system

Manufacturer reserves the right to discontinue, or change at any time, specifications or designs, without notice or without incurring obligations.
